Meeting of the Board Members / Greenville Modern Quilt Guild  
Marietta's Quilt and Sew

In attendance: Dawn Bianco (President), Michelle Giles (V.P. / Programs), Teresa Melonson (Membership), Dawn Holter (Treasurer), Alexa Harper ( Social Media / IT) and Cindy Brothers (Secretary)

Dawn Bianco welcomed everyone and started the discussion with making our collective decision in choosing a design for the guild pin. Several designs were shown, and a unanimous decision was made for the Signature Pin, which was deemed to be more modern and fresh.

Also discussed was the new web site design. A design to engage members, and make information easily found was discussed. Alexa Harper gave examples of several templates with minimal information on the front page, and a banner of choices for viewing. We agreed to incorporate the Liberty Bridge and the State of SC logo in our official logo to better brand our guild.

For now the Blog will stay up, but when the web site is finished Minutes of any meetings will be housed behind a Member paywall (which will be free to members).

Right now there are 2 Facebook pages. One public, and one private for our group. We elected to close the private page that is rarely used and to maintain a public page where events, announcements, and other information will be shared.

Pictures will be posted on the web site of Show and Share, but members will have the opportunity to decline the use of their photograph.

Discussion was had about the maintenance of the membership list. It was decided that only email and phone number will be maintained in the list. Teresa will keep a side list of new members so that other board members will know who is new to the group for information sharing.

Dawn Bianco challenged each board member to find her Agenda in the Sheets app for Google Drive and to list any information there that needs to be shared. She will also make a point of sharing community events, and shows in the area, while encouraging members to support local quilt shops.

The meeting adjourned at 8:05. Our next board meeting will be scheduled as needed when the web site is ready for review.

Respectfully submitted,  
Cindy Brothers  
Recording Secretary
