

Greenville Modern Quilt Guild - Spring Block Challenge – Revealed April 11, 2026

Start with a classic star block, using any recognizable star. Or use your imagination to create a different kind of star.

Use solid blue fabrics and white fabrics to create your variation of that star. Make 2-3 blocks that measure 10-1/2" x 10-1/2", and will finish at 10"x10" in a quilt. Explore curved lines, unbalanced points, extra or missing points, etc. Find your own style to create a unique version of a star. Donate your blocks to the guild May 2, 2026. The blocks will then be assembled into charity quilts.

TIP: If you want to start with a star block based on a 9-patch, cut your nine patches at 3-1/2". The star will finish at 9". Add a background border of on each side, then trim to 10-1/2" square! MAGIC!
